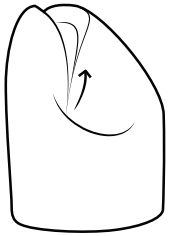
paq
user manual
bed

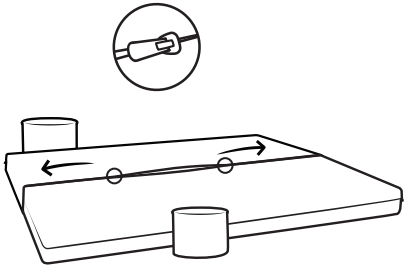
Unfolding instruction

1. Unzip the chair starting from the seat



2. Let the matress rest for some minutes to regain its shape

Two mattresses can be zipped together in order to create a double bed

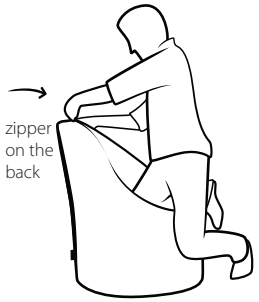


Chair assembly instruction

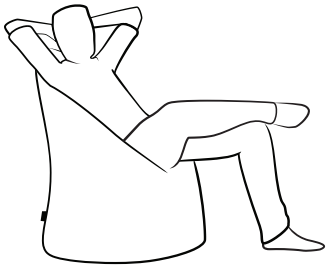
1. Fold the mattress, so the short sides meet
2. Zip it together and form a cylinder

3. Set it vertically, zipper slider on the top
4. Push it onto the barrel (it needs some effort)

5. Turn it, so the zipper is on the opposing side
6. Push in the upper side of the cylinder

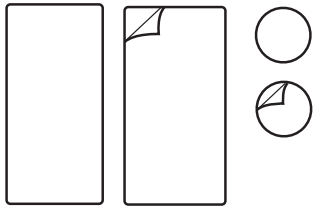


7. Close the zipper fully
8. Enjoy your paq chair!



The chair consists of

1. Mattress
2. Mattress cover
3. Barrel
4. Barrel cover



After opening the box

1. Release the mattress from the barrel with caution
2. Let the mattress rest for few hours before assembling, so it regains its shape

3. Put covers on the mattress and the barrel
4. Close the zippers
5. Now it´s a temporary bed! All the creases disappear after a day of use

Usage

The chair is only for sitting. It supports 120 kg when used properly. Do not stand on it or use it any other way. Always use it with the cover of the barrel closed. The covered barrel itself is not a seating, it can only support small objects.

The barrel is made of cardboard, do not expose it to moisture. The chair is for indoor use only.

All the chairs are double-sided and can be assembled to be grey or coloured.

Maintenance

To preserve the elasticity of the mattress fold out the chair and let it stay in a laying position for a day once every month.

If subjected to intensive use it is recommended to wash the covers monthly. Machine-wash warm (max 40°C) turned inside out. Do not put the cover in the dryer and do not iron it.

Paq chair comes with a 24 months warranty.
